| 21  | Bag-in-box                                  | 92  | Carton formers                                    | 61  | Desulfiting machinery                                  |
| 108 | Bag-in-box fillers                          | 121 | Carton gluers                                     | 62  | Detergents and scale removers (products and equipment) |
| 23  | Balances                                    | 118 | Carton packers                                    | 65  | Diffusers                                              |
| 127 | Barrel washers                              | 41  | Carton sealing machines                           | 116 | Disinfecting plants                                    |
| 129 | Basket washers                              | 180 | Cartons                                           | 67  | Dissolvers                                             |
| 138 | Batching and blending systems               | 120 | Case packers and unpackers                        | 68  | Distilling equipment                                   |
| 105 | Beverage and fruit juice plants             | 128 | Case washers                                      | 64  | Diversers / Unscramblers                               |
| 160 | Beverage chemicals                          | 24  | Casks, barrels and barriques                      | 200 | Doors                                                  |
| 201 | Beverage stabilizing and preserving agents  | 37  | Centrifuges                                       | 191 | Draining tanks                                         |
| 69  | Beverage vending and dispensing equipment   | 38  | Certification (quality control)                   | 77  | Driers                                                 |
| 39  | Bottle crates                               | 16  | Champenoise processing equipment                  | 76  | Elevators                                              |
| 56  | Bottle decoration                           | 225 | Chemical glassware                                | 84  | Exhibitions and trade shows                            |
| 126 | Bottle exterior washers and driers          | 47  | Coders and markers                                | 213 | Expanded polymeric caps and stoppers                   |
| 43  | Bottle heaters                              | 123 | Compartment insert introducing machines           | 45  | Fermentation adjuvants                                 |
| 52  | Bottle neck chillers                        | 50  | Concentrators and evaporators                     | 223 | Fermentation tanks and others                          |
| 171 | Bottle ranging machines                     | 185 | Concrete tanks                                    | 83  | Fermentors                                             |
| 193 | Bottle storage                              | 53  | Containers                                        | 187 | Fiberglass cooperage                                   |
| 99  | Bottling and washing automatic systems      | 165 | Control panels                                    | 170 | Filling machines                                       |
| 115 | Bottling line equipment                     | 140 | Conveyor belting                                  | 34  | Filter sheets and cartridges                           |
| 100 | Bottling machines                           | 217 | Conveyors systems (for bottles, cases, demijohns) | 46  | Filtering agents and products                          |
| 106 | Brewing equipment                           | 211 | Corks                                             | 135 | Filtering mediums                                      |
| 197 | Business software                           | 207 | Crown caps                                        | 85  | Filters                                                |
| 109 | Can fillers                                 | 190 | Crumbling machines                                | 40  | Fining agents                                          |
| 125 | Cans                                        | 150 | Crushers                                          | 9   | Flavouring agents, essences, juices                    |
| 206 | Cappers and corks - Decappers and decorkers | 151 | Crushers-stemmers                                 | 148 | Floor & wall coatings and drain systems                |
| 70  | Caps, corks and capsules dispensers         | 103 | Dealcoholization systems                          | 91  | Flow metres                                            |
|     |                                             | 55  | Decappers and capscrapers                         | 112 | Fruit processing plants and machinery                  |

|     |                                        |     |                                               |     |                                                                         |
|-----|----------------------------------------|-----|-----------------------------------------------|-----|-------------------------------------------------------------------------|
| 72  | Gas automatic dosagers                 | 139 | Motors and geared motors                      | 66  | Stalk-removing machines                                                 |
| 97  | Gas generators (nitrogen, ozone, etc.) | 167 | Must coolers                                  | 71  | Staves                                                                  |
| 169 | Gas pipe reducers                      | 172 | Must heaters                                  | 98  | Steam generators                                                        |
| 57  | Gas strippers                          | 75  | Nitrogen dosagers for storage containers      | 186 | Steel cooperage                                                         |
| 26  | Glass bottles                          | 149 | Oak chips                                     | 204 | Sterilizing equipment                                                   |
| 212 | Glass stoppers                         | 142 | Orientators                                   | 80  | Stick-on labels                                                         |
| 22  | Glasses                                | 102 | Packaging systems                             | 198 | Sulphitometers                                                          |
| 48  | Glues and adhesives                    | 36  | Packing cases                                 | 89  | Tangential filters                                                      |
| 182 | Graders                                | 224 | Paints                                        | 131 | Tank cleaning machines                                                  |
| 183 | Grape must separators                  | 20  | Pallet wrapping equipment                     | 184 | Tanks                                                                   |
| 101 | Grape raisining plants                 | 144 | Palletizers                                   | 174 | Taps                                                                    |
| 113 | Grape washing machinery                | 145 | Pallets                                       | 208 | Tear-off caps and stoppers                                              |
| 218 | Grape-stalk conveyors                  | 1   | Parts and fittings                            | 96  | Technical gas                                                           |
| 177 | Heat exchangers                        | 25  | PET bottles                                   | 54  | Temperature and moisture control system                                 |
| 141 | Homogenizers                           | 117 | PET-PVC-PE bottle manufacturing equipment     | 214 | Thermometres                                                            |
| 221 | Humidifiers and humidifying plants     | 166 | Pipe fittings                                 | 4   | Tight board compartment inserts                                         |
| 157 | Hydraulic presses                      | 220 | Pipes and tubes                               | 33  | Tin capsules                                                            |
| 156 | In-line presses                        | 210 | Plastic caps and stoppers                     | 49  | Topping up                                                              |
| 11  | Industrial vacuum cleaners             | 32  | Plastic capsules                              | 13  | Trading associations                                                    |
